FRANK T. BEATTIE
 Page the softie man!
 Freckled face and sandy hair,
 But with the answer
 He's all there.

Soccer 3, 4; Baseball 3, 4;
 Glee Club 3; Science Club 4.

MARION BURNHAM
 In school she's rather quiet,
 We sometimes wonder why,
 Because outside of school
 She isn't quite so shy.

Glee Club 1, 2, 3, 4; Knitting Club 4; Handicraft 3.

RICHARD BURNHAM
 Answer to a maiden's prayer,
 With cowboy's shirt
 And curly hair,
 Oh, boy!

HIGH LIGHTS

Grade School High Lights

In the First Grade this year, among other activities we have furnished a little room with furniture made of orange crates. We also made a "Good-Health Store" of crates. We have just started a garden out in back of the school, planting our own seeds and caring for them every day.

This year in the Second Grade, our health project proved very interesting and helpful. During this project we were given samples of soap, tooth-paste and tooth powder. Our animal project ended during the "Be Kind to Animals" week. During this project we discussed our own pets, their habits, food and appearance.

In our study of Nursery Rhymes we colored pictures of Nursery Rhymes and well known story people. We have also greatly enjoyed the study which we have made of local birds this spring.

Our May Day Unit when completed totaled for some of us between eight and ten different May baskets. For Mother's Day we made folders, each containing a picture, a poem and a carnation.

In the Third Grade we have made use of the various holidays as a basis for constructive work, booklets and plays. At present we are working on an English booklet and our final play for the year.

The Fourth Grade has been very busy and industrious this year. Two of the outstanding units which we have worked out for Geography are: "The Lincoln Highway" and "Life In Holland."

We have had many wild flowers brought in to be studied as part of our work. We have also had frogs' eggs, tadpoles, salamanders, a tree toad, and a frog for observation.

Our parents have helped us in working out our units. They have given us pictures, post-cards and other available materials which has been greatly appreciated.

In the Fourth, Fifth, and Sixth Grades we have continued to enjoy the departmental work of these grades. Fourteen new books have been added to our library and they have been much in demand. Interest in spelling has been fostered by a contest among the three grades. We keep weekly records in this of the class averages.

Each of us in Grades Four and Five has given a two minute talk before the class about once a week, and in Grade Five we have worked on four plays for assembly programs.

During the past school year in the Sixth and Seventh Grades, we have worked out many interesting projects. One of these was a booklet on Washington and Lincoln. These booklets consisted of a collection of pictures, poems, outlines and compositions about the lives of the two heroes and were enclosed in attractive covers. For Social Studies we made a collection of maps, pictures, and folders on Germany. Booklets on many industries were collected for study.

All of us in the Sixth Grade are members of the Junior Glee Club and have taken part in many Assembly Programs. The play, "Lucky Day In Holland," given in a March assembly program was a part of the study of Holland in Social Studies.

The Orchestra contains ten people. They have played in Assemblies during the year. The Orchestra is going to represent the school in the League Music Festival in Chestertown. They will also play at the Graduation exercises.

Fifty-four were members of the Glee Club. The Glee Club sang at the League Music Festival in Chestertown.

HIGH LIGHTS

Glee Club and Orchestra

During the past year, the Glee Club and Orchestra have been active in school programs. The Orchestra, with a membership of ten people, has played at High School Assemblies throughout the year. On April 30th, the Orchestra made its first public appearance at the presentation of the play "ALL ABOARD" which was given for the benefit of the Alumnae Association. The group will take part in the spring program on June 4.

The Glee Club, which has fifty-five members, includes students from Grades 8-12. Both the Glee Club and Orchestra represented the school at the annual League Music Festival at Chestertown on May 14 and will appear at the graduation exercises.

Clubs

Newspaper Club

This year, under the direction of Miss Cahaney and Mr. Griffin we organized a Newspaper Club. One of the main functions of our Club was to publish a monthly newspaper, the High Lights. Many changes and improvements were made in the paper throughout the year. The Club met regularly on Fridays to discuss the High Lights and occasionally during these meetings we had a special program.

Another function of the News Club was the publishing of the Senior annual.

Last, but not least, we assisted Miss White in collecting the weekly news items for the local papers.

Varsity Club

The Varsity Club consists of students of the Hadley-Lake Luzerne High School who have earned at least one letter in any athletic sport.

Through this Club they played basketball in the Adirondack League. Boys' and girls' teams were both organized and each team's expenses were paid from the gate receipts.

The teams were both handicapped from lack of material and a practice court but the boys came through with two victories in eight league games and the girls, playing non-league basketball, won two out of the eight games played.

Hobby Club

The Girls' Hobby Club has been a great success this year under the direction of Mr. Castle. The membership was so large that it was necessary to divide the Club into two groups. At the first meeting the following were elected: President, Gladys White; secretary and treasurer, Geneva White.

We have worked on copper, German silver, wood, leather and other materials. Some of the projects we have made are: book-ends, ash trays, bracelets, tie racks, scissors holders, key cases, bill folds, purses and hot dish mats.

Although the Club has been a big success this year, we hope to make it better next.

HIGH LIGHTS

Camera Club

The Camera Club, under the supervision of Mr. Castle, offered the boys and girls a wonderful opportunity to increase their knowledge of amateur photography. During the school year we were taught to print and develop our own pictures. At the meetings Mr. Castle explained the value of good pictures, the principal parts of the camera, the proper method of filling a camera and the taking of silhouettes.

Next year we expect to continue the progress of the Club and with the assistance of new equipment, we can do more and better work.

Le Cercle Francais

Le Cercle Francais is a new organization in school this year formed for the purpose of French conversation. Meetings have been conducted in French and much of the time has been given to singing French songs and playing French games. The Club presented a French play at the Christmas Assembly. The members feel at the end of the year that a good start has been made toward realizing the purpose of the Club.

Knitting Club

Early this year a Knitting Club was formed by a group of girls from Junior and Senior High School. Under the direction of Mrs. Hall the members learned to knit and crochet. Among the projects worked on were knitted suits, sweaters, pocket-books and edgings for linens.

Senior Activities

Near the beginning of the year the Seniors sold magazines to help raise money for the Senior Class treasury to be used throughout the year for expenses.

Just before Easter the Seniors held a Prom at the Town Hall in Hadley. The Board of Education, the Faculty, and the Post-graduates were invited and everyone enjoyed themselves.

Shortly after the Prom, the Senior play was produced. The following people were in the cast: Donald Perkins, Frank Beattie, John Dawes, Dorothy Dean, Marion Hall, Don Fowler.

This year, for the first time, the Seniors are planning to hold class night exercises in connection with their graduation. They hope to make it a great success.

The Senior Class wishes to express its appreciation to our School Board for the privilege given them of visiting Washington and New York during Easter vacation. During the four days at Washington the Seniors visited many places of interest.

On our return trip we stopped at New York and were delighted with the experiences we had. The bus tour we were on included a visit to the Aquarium, Harlem, Chinatown, Central Park and Riverside Drive, which were all very interesting. We also made a tour of the National Broadcasting studios.

These are only a few of the many places we visited. We enjoyed ourselves very much but we were all glad to be home once more.

HIGH LIGHTS

The Class Prophecy

After working in Proller's for thirty years "Toddy" Hall decided that her "pore" old bones needed some new scenery. So with Geneva White who has been comfortably settled for twenty-five years in her candy shop, she decided to visit that center of art and industry, the Mecca toward which she had not turned her eyes since the spring of her Senior year, New York City. They took a bus to Albany. When they went to buy their tickets what should they see in the ticket window but the familiar face of Donald "Eldridge" Fowler, the former President of the Senior Class. They were so busy talking over old times, that they almost missed the train, but suddenly they heard the voice of the train announcer calling out the name of their train. The voice seemed strangely familiar, Geneva was a bit near-sighted, but "Toddy" had as good eyesight as ever and she soon spotted the noise-maker over by the gate. He looked pretty familiar and on close inspection he proved to be "Walt" Crannell, who was making good use of the lungs that he had developed arguing with his kid sister. On the train Geneva wanted to write some letters but she had left her glasses at home, so she went to look up the public stenographer. She finally found one in the first car. She knocked on the door and walked in and whom did she see but "Millie" Winslow. She forgot about her letters and after they had been conversing for awhile "Millie" mentioned her husband, who was the engineer of the train. "Who is he?" Geneva asked. "Frank Tom Beattie," "Millie" replied blushing. "Well, well," replied Geneva. "Do you know what happened to George VanDusen?" "Oh!" said "Millie," he is fireman on this train with "Frankie."

Geneva finally went back to her car and was pretty surprised to see "Toddy" talking to the conductor. But was more surprised to find out that the conductor was Leroy Ives. "Toddy" and Geneva had a pleasant trip, talking over old times with their friends and finally arrived in New York. The first thing they did was to call a taxi. They got in without paying much attention to whom the driver was, beyond noticing it was a woman. When she turned around to ask their destination they were overjoyed to recognize "Dizzy" Dean, who was the only woman driver in New York City. They got that ride free. They went to the "Burnside" Hotel and were met at the door by the dignified doorman, Donald Ralph Perkins. Their room had no lights . . . they asked to see the manager who turned out to be our "great cowboy" "Dick" Burnham, who was busting a chair instead of a bronc.

That afternoon they took in a show, the prima-donna of which was "Leta Ann" Gill. There was a good sized chorus, too. Among the members they noticed Marion Burnham, "Myrt" Gilbert, "Tess" Eastwood, "Marge" Robinson, "Dot" Harris. After the show "Toddy" decided that she wanted her hair done, so they went out looking for a beauty shop. They went into *THE MODESTE* and were stunned to see "Boots" Gilliess and "Ruthie" Hagadorn giving permanents. After "Toddy" got her wave they went out to find a nice restaurant in which to have dinner. They

HIGH LIGHTS

went to Child's where they were waited on by "Red" Banker, who served them chicken from a friend's farm. Incidentally she was married to "Walt" Crannell, but left him because he talked so loud. As they were walking home "Toddy" said that their visit would be perfect if they could see Paul King. "Did someone mention my name?" asked a street vender whom they were passing. It was none other than "Precious" King selling little rubber dogs out of a suitcase. When they got back to the hotel they broke in upon the maid still fixing their room. It was "Toots" Wood. Later they called downstairs for some ice water and recognized the voice of the operator as that of Mary Leichenauer.

"Toddy" and Geneva spent a pleasant two weeks visiting their old friends and finally returned to their respective counters, tired but happy.
