The class of 1964 wishes to dedicate this year's "Hi-Lights" to Mr. Harry Horn. It is difficult to find the words to express our deep appreciation for the infinite patience and understanding Mr. Horn has shown while teaching his students Driver Education. We shall always remember those first three-point turns and parallel parking. To us, Mr. Horn is more than a teacher, he is a dear friend. The memory of his pleasant sense of humor and the valuable lessons he has taught us will remain with us for the rest of our lives. We hope that many students in the future may be fortunate enough to have the rewarding experience of learning under the guidance of Mr. Horn.

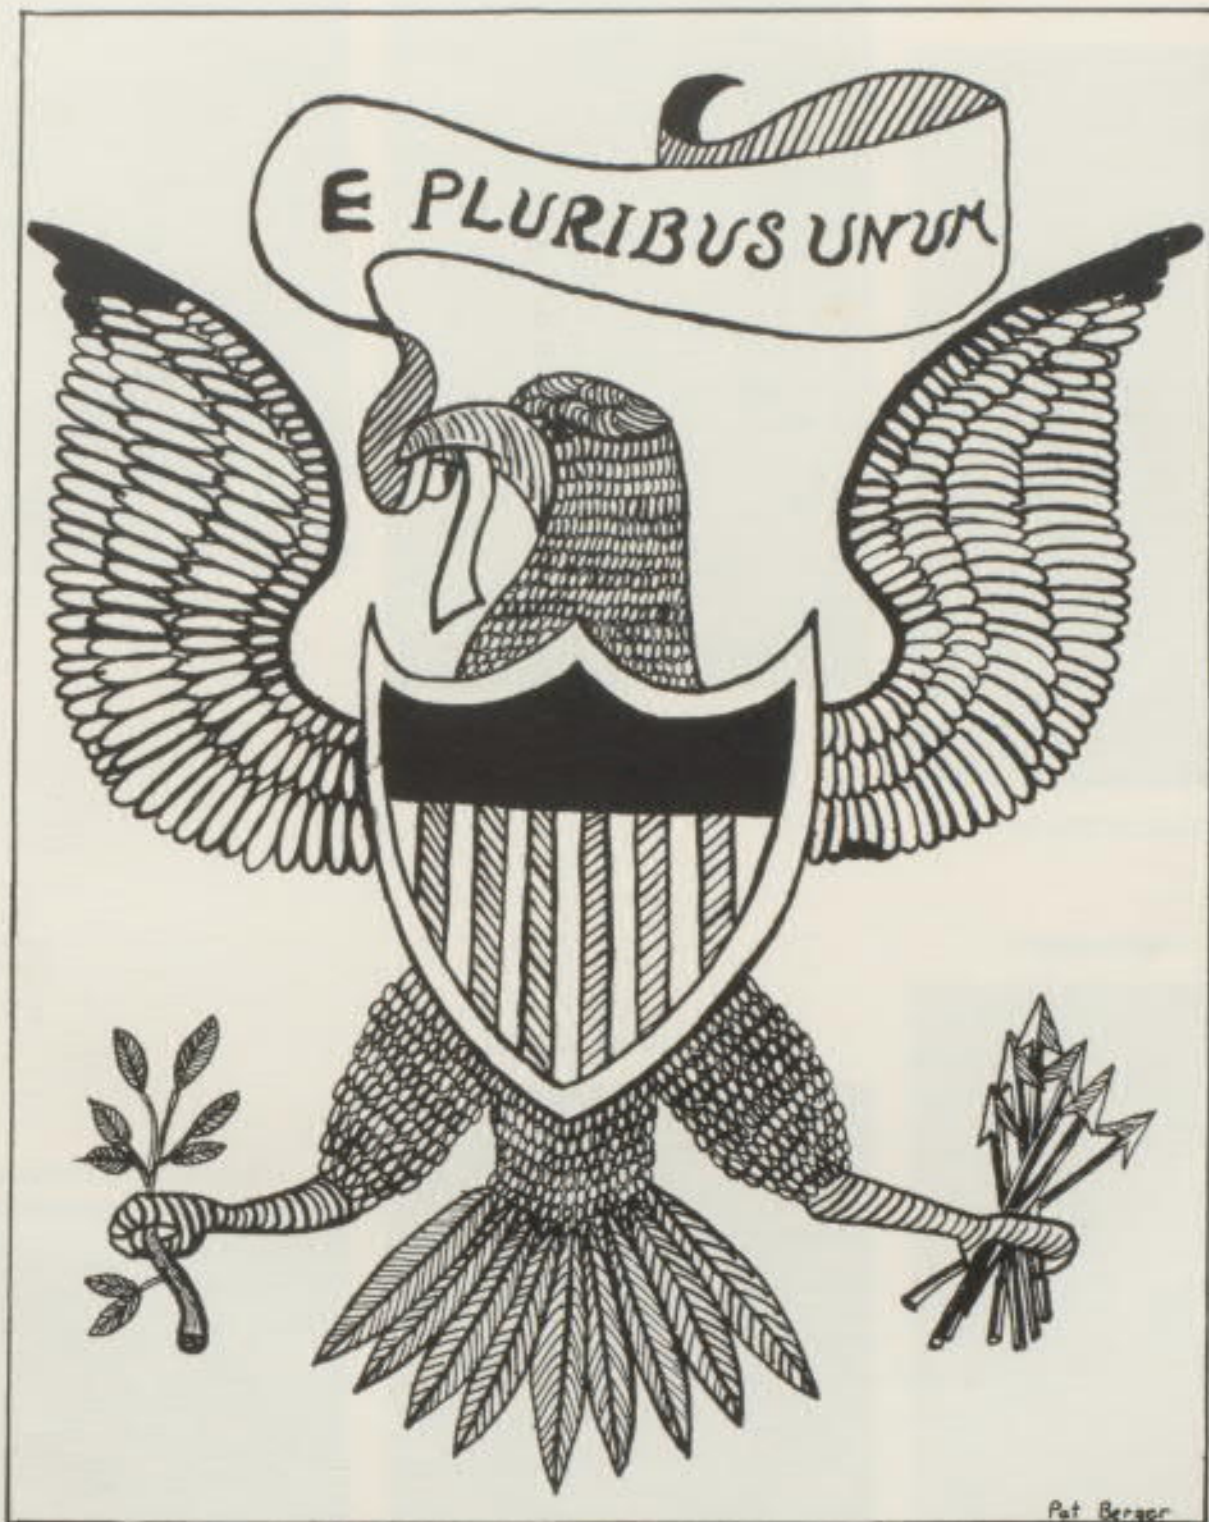

To the Class of 1964

Congratulations to you upon completing your formal high school education. Many of you will be going on for further education and the remainder of you will be entering your lives as our society. We hope the experiences you have had in this school year will help you in your chosen field. We know you are going out into a world where a great chance to learn exists every day. We know you will be faced to solve many problems and meet in many situations where you will have to make a choice, and there will be very important decisions to be made.

In looking over the record of 1963 since I feel sure you will meet these situations with wisdom, good luck to each and everyone of you.

Where to Now?

Graduation must be considered one of the high spots in every young person's life. But while commencement ends your high school career, it, in fact, only opens the door for bigger and better things to come.

According to Webster, commencement means, not the ending, but rather the beginning. We at the Glens Falls sincerely hope that you will use this occasion to commence toward those bigger and better things.

Congratulations for a job well done, and may each of your futures be worthwhile and meaningful.
